MES/Q3109: Set Decorator

Brief Job Description

Individuals in this job need to mark-up the script for set furnishings requirements. They need to procure these items, store them safely during the shoot and ensure continuity.

Personal Attributes

This job requires the individual to decorate the set with semi-permanent and moveable items. The individual should ideally have a background in the interior design and a creative bent of mind. The individual must also know available sources for hiring, purchasing or fabricating these items. The individual must know how to manage items during the shoot and make them available based on the script and continuity requirements. The individual must have strong communication skills and must possess the ability to work collaboratively. The individual must be flexible and able to make key decisions, keeping in mind the impact on cost and timelines.

Applicable National Occupational Standards (NOS)

Qualification Pack

MES/N3127: Wrap up Set and Return or Dispose of Items

Description

This OS unit is about packing up items on set after the shoot is over (striking the set) and ensuring items are returned or disposed of correctly

Scope

The scope covers the following :

- preparing a schedule/to-do list of key activities relating to pack-up/ striking the set
- Ensure, personally or in a supervisory capacity, that all set items are returned or disposed of as planned
- Maintain necessary documentation, records, refunds, payments etc.

Elements and Performance Criteria

Packing-up various items and ensuring they are returned and disposed of correctly

To be competent, the user/individual on the job must be able to:

- PC1.** based on the script and production schedule prepare a schedule or to-do list summarizing key activities relating to pack-up/ striking the set, as appropriate to the role
- PC2.** • PC2. Supervise, or assist, support staff in striking the set, which may include:
- Furniture
 - Soft furnishings
 - Wallpaper
 - Lighting fixtures
 - Decorative items
 - Hand props and featured props
 - Any other elements of the set that are not being struck by other teams
- PC3.** Ensure, personally or in a supervisory capacity, that all set items are returned or disposed of as planned
- PC4.** Ensure, personally or in a supervisory capacity, that necessary documentation, records, refunds, payments etc are maintained

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the key expectations from the shoot, specifics of the location and any key limitations on budget, resources and time availability
- KU2.** relevant organizational processes for return of items, collecting security refunds, disposal/ sale of items etc.
- KU3.** the requirement for different types of set furnishings and props and their intended use
- KU4.** how to prepare a to-do-list/ schedule for striking the seat (based on the script and production schedule)

Qualification Pack

- KU5.** how to determine whether items need to be (1) returned, (2) retained/ stored for later, (3) disposed of/ discarded or (4) sold to other parties
- KU6.** how to ensure that any items required for continuity are correctly stored and transported to the next set/ location
- KU7.** how to arrange for packing and moving staff to remove items from set and transport them onward (to suppliers, disposal facilities, buyers etc.)
- KU8.** how to personally take down items and/ or supervise support staff in striking the set
- KU9.** how to check the list of struck items against the original inventory list, and account for items that are misplaced or damaged
- KU10.** how to correctly load and unload (or supervise loading and unloading) items to ensure that items are not damaged
- KU11.** how to return, sell or dispose of items as planned, receive payments (e.g. security deposit refunds, proceeds from sale) and submit documents and payments to the finance/ production department
- KU12.** how to update the items list with details of return/ sale/ disposal and submit this to the finance/ production department for closure
- KU13.** applicable health and safety guidelines, and ensuring that the removal and dismantling of set furnishings and props from the location minimizes any risks to the individuals own health and safety as well as those of the production cast and crew

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** prepare a to-do list/ schedule for striking the set
- GS2.** record details of return/ sale/ disposal against each item on the inventory list
- GS3.** read the script, production schedule and item lists
- GS4.** read receipts from vendors and buyers that take back set items to ensure that the information captured is correct
- GS5.** understand any constraints/ limitations that could affect the schedule for striking the set (e.g. time, people, materials, budget)
- GS6.** communicate effectively with the head of department, propose alternatives and agree on key decisions
- GS7.** make relevant decisions related to the area of work e.g. methods for removal and dismantling of items, choice of buyers etc.
- GS8.** plan his/her work according to the requirements and agreed timelines
- GS9.** manage within the agreed budget and minimize overruns
- GS10.** identify any problems with successful execution of the task
- GS11.** communicate these to the head of department and identify solutions
- GS12.** have a keen eye for detail and maintain an aesthetic sense towards the final output
- GS13.** re-use the set properties accordingly.
- GS14.** manage within the agreed budget and minimize overruns

MES/N3109: Dress set prior to shoot

Description

This OS unit is about preparing all items required on set and ensuring that they are correctly placed for the shoot

Elements and Performance Criteria

Understanding set dressing requirements

To be competent, the user/individual on the job must be able to:

PC1. correctly interpret set drawings and the list of items required for the set

PC2. ensure that all items required to dress the set are available

Dressing the set

To be competent, the user/individual on the job must be able to:

PC3. arrange, or supervise set dressers / set assistants to arrange, items prior to the shoot, which may involve installation of semi-permanent items (set furnishings) and placement of moveable objects (props)

PC4. replenish, or supervise set dressers / set assistants to replenish, perishable items between takes to ensure the set is fully dressed for the next take/ shot/ scene

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. the key expectations from the shoot, specifics of the location and any key limitations on budget, resources and time availability

KU2. set etiquette (how to behave on set) and the role and contribution of other related departments working on the set

KU3. the requirement for different types of items on set and their intended use

KU4. how to interpret set drawings/ designs and item lists to correctly identify items that are required for a specific shoot and their location/ placement. rough drawings/ sketches may be used to mark location/ placement

KU5. how to correctly place and install semi-permanent items (set furnishings) as per set drawings/ design

KU6. how to supervise the construction team/ other support staff to correctly place and install semi-permanent items

KU7. how to correctly place moveable items as per set drawings/ design

KU8. how to supervise support staff to correctly place moveable items

KU9. the process for checking that all items are in place as per the plan (and double-check item placement with script mark up)

KU10. how to replenish perishable items between takes (e.g. food items, beverages, cigarettes, flowers etc.) and ensure that the set is fully dressed for the next take/ shot/ scene

KU11. how to propose substitutes/ alternatives to items that are misplaced or damaged during shoot

Qualification Pack

KU12. applicable health and safety guidelines, and ensuring that the installation and placement of set furnishings and props minimizes any risks to the individuals own health and safety as well as those of the production cast and crew

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** prepare basic to-do lists/ rough sketches to ensure that all elements of dressing the set have been attended to
- GS2.** interpret set drawings/ designs
- GS3.** read item lists and script mark ups
- GS4.** understand the creative vision of the director and producer, as appropriate to the role
- GS5.** understand any constraints/ limitations that affect the installation and placement of set furnishings and props (e.g. time, people, materials, budget)
- GS6.** communicate effectively with the head of department, propose alternatives and agree on key decisions
- GS7.** make relevant decisions related to the area of work e.g. installation methods, placement of items etc.
- GS8.** plan his/her work according to the requirements and agreed timelines
- GS9.** supervise construction team and support staff on installation and placement
- GS10.** identify any problems with successful execution of the task

MES/N3110: Manage continuity of items

Description

This OS unit is about maintaining continuity between takes/ shots/ scenes and ensuring the availability of items that are key to continuity

Elements and Performance Criteria

Understanding and noting continuity requirements

To be competent, the user/individual on the job must be able to:

- PC1.** read the script and identify continuity requirements
- PC2.** mark up the script to record continuity-related details e.g. position, placement, direction etc, using rough notes, sketches, photographs etc

Maintaining continuity and consistency

To be competent, the user/individual on the job must be able to:

- PC3.** maintain continuity between takes/ shots/ scenes and across locations for the following types of items: furniture soft furnishings wallpaper lighting fixtures decorative items hand props and featured props (i.e. props that are used by actors and/ or form an integral part of the script) any other elements of the set that need to be used across locations
- PC4.** alert relevant personnel (script supervisor, art director etc) if continuity is not being maintained, and rectify the situation as appropriate
- PC5.** propose substitutes/ alternatives to items that are required to maintain continuity, but have been misplaced/damaged during the shoot
- PC6.** plan for spares/ duplicates of key items required to maintain continuity

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the key expectations from the shoot, specifics of the location and any key limitations on budget, resources and time availability
- KU2.** set etiquette (how to behave on set) and the role and contribution of other related departments working on the set (e.g. script and continuity supervisor, production etc.)
- KU3.** the requirement for different types of set furnishings and props and their intended use
- KU4.** how to interpret the script for continuity requirements and mark up the script accordingly
- KU5.** how to interpret set drawings/ designs and item lists to ensure that continuity requirements have been accounted for
- KU6.** how to note and record continuity details (e.g. the position, placement and/ or direction of an object, the manner of interaction with the actor e.g. left hand or right hand)
- KU7.** how to photograph and make rough drawings to ensure continuity details are correctly recorded
- KU8.** how to plan for spares/ duplicates of key items required to maintain continuity

Qualification Pack

- KU9.** the role of the script and continuity supervisor (direction department) and coordinating with him/her to ensure that all items have been placed correctly and checked against script mark ups
- KU10.** how to propose substitutes/ alternatives to items that are misplaced or damaged during shoot, but are required to maintain continuity
- KU11.** how to correctly pack, store and transport items that are required on a different set/ location to maintain continuity
- KU12.** applicable health and safety guidelines, and ensuring that the placement of set furnishings and props minimizes any risks to the individuals own health and safety as well as those of the production cast and crew

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** mark up the script for continuity requirements
- GS2.** record continuity details for each item using rough notes, sketches and/ or photographs
- GS3.** read the script, script mark ups and item lists
- GS4.** interpret set drawings/ designs
- GS5.** understand the creative vision of the director and producer, as appropriate to the role
- GS6.** understand any constraints/ limitations that could affect the continuity of items on set (e.g. time, people, materials, budget)

MES/N3128: Estimate Set Furnishings Requirement

Description

This OS unit is about understanding the script and creative vision and preparing a comprehensive list of items required to furnish the set

Scope

The scope covers the following :

- Read the script and mark up the props requirement for each shot/ scene/ location and estimate prop requirements in line with the scope of the production's budget

Elements and Performance Criteria

Estimate set furnishing requirements

To be competent, the user/individual on the job must be able to:

- PC1.** Analyse the production brief and creative vision of the Director and Producer, as appropriate
- PC2.** • Read the script and mark up the props requirement for each shot/ scene/ location, across the following types of items:
- □ Props/ Decorative items
 - □ Hand props and featured props (i.e. props that are used by actors and/ or form an integral part of the script)
- PC3.** Identify prop requirements in line with the scope of the production's budget
- PC4.** . Prepare a bill of quantities (list of items, price, delivery date) in order to procure all props

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the expectations of the director and producer, any key limitations on budget, resources and time availability
- KU2.** the key departments (e.g. locations, wardrobe, finance) to be liaised with and the role and contribution of these departments
- KU3.** how to read and evaluate a script for set furnishings
- KU4.** how to mark up the script with the exact set furnishing requirement
- KU5.** how to translate the mark up into a comprehensive list of items with prices, delivery dates and other key elements (bill of quantities)
- KU6.** applicable health and safety guidelines, and ensuring that the items selected minimize any risks to the individuals own health and safety as well as those of the production cast and crew

Generic Skills (GS)

User/individual on the job needs to know how to:

Qualification Pack

MES/N3125: Procure set furnishings

Description

This OS unit is about agreeing on the set furnishing requirement and procuring these items in line with the production schedule

Elements and Performance Criteria

Determining suitable procurement methods

To be competent, the user/individual on the job must be able to:

- PC1.** identify and discuss cost-effective approaches to meeting the set furnishings requirement
- PC2.** determine the most appropriate method of procurement based on the item required and its significance to the production, including: hiring/ leasing/ renting purchase fabrication/ custom-making

Procuring set furnishings

To be competent, the user/individual on the job must be able to:

- PC3.** procure set furnishings either through purchase, lease or fabrication, including the following types of items: furniture soft furnishings wallpaper lighting fixtures decorative items
- PC4.** identify appropriate substitutes/ alternatives, if preferred items are not available

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the expectations of the director and producer, any key limitations on budget, resources and time availability
- KU2.** key budgetary approval processes e.g. submission of bills for items procured to the finance department
- KU3.** the requirement for different types of set furnishings and their intended use
- KU4.** the use of visual references and sketches to help the creative team agree on the key items that are required on set
- KU5.** applicable copyright laws in order to ensure that any permissions required for use of branded items are taken
- KU6.** the availability of substitutes/ alternatives for different types of items
- KU7.** how to evaluate what method of procurement is best suited for the identified items hire, purchase or made to order (fabrication)
- KU8.** available suppliers for hire and purchase of set furnishings
- KU9.** available fabricators for made to order set furnishings
- KU10.** how to supervise construction/ fabrication teams in making set furnishings to order
- KU11.** how to negotiate effectively with suppliers and fabricators
- KU12.** applicable health and safety guidelines, and ensuring that the items procured minimize any risks to the individuals own health and safety as well as those of the production cast and crew

Qualification Pack

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** prepare lists and rough estimates
- GS2.** prepare cover sheets while submitting bills for approval
- GS3.** correctly read the bill of quantities and delivery dates, in order to ensure that all items are available on time
- GS4.** read supplier/ fabricator bills and ensure that the information captured is correct
- GS5.** understand the creative vision of the director and producer
- GS6.** understand any constraints/ limitations that could affect the procurement of set furnishings (e.g. time, people, materials, budget)

MES/N3126: Transport and store set furnishings

Description

This OS unit is about transporting set furnishings to the shoot location and storing them correctly before and after the shoot

Elements and Performance Criteria

Transporting set furnishings

To be competent, the user/individual on the job must be able to:

- PC1.** identify appropriate modes of transport to bring items to the location safely and securely
- PC2.** correctly load, unload and transport items, or supervise set dressers / set assistants to do the same

Storing set furnishings

To be competent, the user/individual on the job must be able to:

- PC3.** identify and secure an appropriate storage area
- PC4.** correctly store items on location and care for them during the shoot, or supervise set dressers / set assistants to do the same

Maintaining accurate inventory

To be competent, the user/individual on the job must be able to:

- PC5.** prepare a comprehensive inventory list, track movement of items and keep the list up to date, or supervise set dressers / set assistants to do the same

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the key expectations from the shoot, specifics of the location and any key limitations on budget, resources and time availability
- KU2.** inventory management processes including receipt, issue and returns and appropriate documentation norms (e.g. delivery challans, receipts, log books etc.)
- KU3.** the requirement for different types of set furnishings and their intended use
- KU4.** how to identify the most suitable mode of transport to deliver items to set
- KU5.** how to correctly load and unload (or supervise loading and unloading of) items to ensure that items are not damaged
- KU6.** how to identify and secure an appropriate location on set to store set furnishings
- KU7.** how to arrange, stack, store, manage and care for items to enable easy reach and use for the shoot
- KU8.** how to negotiate effectively with transport and security vendors
- KU9.** how to prepare an inventory list with details of items, track issue of items and escalate missing items to head of department
- KU10.** how to propose substitutes/ alternatives to items that have been lost or damaged during shoot

Qualification Pack

KU11. applicable health and safety guidelines, and ensuring that the mode of transport and storage minimizes any risks to the individuals own health and safety as well as those of the production cast and crew

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** prepare inventory lists
- GS2.** prepare cover sheets while submitting transport and security bills for approval
- GS3.** correctly read the inventory list, delivery challans, receipts and log books, in order to ensure that all items are available on schedule
- GS4.** read supplier/ vendor bills and ensure that the information captured is correct
- GS5.** understand the creative vision of the director and producer
- GS6.** understand any constraints/ limitations that affect transport and storage of set furnishings (e.g. time, people, materials, budget)
- GS7.** communicate effectively with the head of department, propose alternatives and agree on key decisions

- PC7.** identify aspects of your workplace that could cause potential risk to own and others health and safety
- PC8.** ensure own personal health and safety, and that of others in the workplace through precautionary measures
- PC9.** identify and recommend opportunities for improving health, safety, and security to the designated person
- PC10.** report any hazards outside the individuals authority to the relevant person in line with organizational procedures and warn other people who may be affected

Complying with procedures in the event of an emergency

To be competent, the user/individual on the job must be able to:

- PC11.** follow organizations emergency procedures for accidents, fires or any other natural calamity in case of a hazard
- PC12.** identify and correct risks like illness, accidents, fires or any other natural calamity safely and within the limits of individuals authority

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** Organizations norms and policies relating to health and safety
- KU2.** Government norms and policies regarding health and safety and related emergency procedures
- KU3.** Limits of authority while dealing with risks/ hazards
- KU4.** The importance of maintaining high standards of health and safety at a workplace
- KU5.** The different types of health and safety hazards in a workplace
- KU6.** Safe working practices for own job role
- KU7.** Evacuation procedures and other arrangements for handling risks
- KU8.** Names and contact numbers of people responsible for health and safety in a workplace
- KU9.** How to summon medical assistance and the emergency services, where necessary
- KU10.** Vendors or manufacturers instructions for maintaining health and safety while using equipment, systems and/or machines

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** how to write and provide feedback regarding health and safety to the concerned people
- GS2.** how to write and highlight potential risks or report a hazard to the concerned people
- GS3.** read instructions, policies, procedures and norms relating to health and safety
- GS4.** highlight potential risks and report hazards to the designated people
- GS5.** listen and communicate information with all anyone concerned or affected
- GS6.** make decisions on a suitable course of action or plan
- GS7.** plan and organize people and resources to deal with risks/ hazards that lie within the scope of ones individual authority
- GS8.** apply problem solving approaches in different situations
- GS9.** understand hazards that fall within the scope of individual authority and report all hazards that may supersede ones authority
- GS10.** apply balanced judgments in different situations
- GS11.** How to write and provide feedback regarding health and safety to the concerned people
- GS12.** How to write and highlight potential risks or report a hazard to the concerned people
- GS13.** Read instructions, policies, procedures and norms relating to health and safety
- GS14.** Highlight potential risks and report hazards to the designated people
- GS15.** Listen and communicate information with all anyone concerned or affected
- GS16.** Make decisions on a suitable course of action or plan
- GS17.** Plan and organize people and resources to deal with risks/ hazards that lie within the scope of ones individual authority
- GS18.** Apply problem solving approaches in different situations
- GS19.** build and maintain positive and effective relationships with colleges and customers
- GS20.** analyze data and activities
- GS21.** Understand hazards that fall within the scope of individual authority and report all hazards that may supersede ones authority

Qualification Pack

GS22. Apply balanced judgments in different situations

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.
Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.

Qualification Pack

Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
BLUEPRINT	A technical drawing of an architecture or engineering design, typically with measurements and angles of each component
BUDGET	Budget is an estimate of the total cost of production that may include a break-up of cost components
CONSTRUCTION SCHEDULE	A detailed breakdown of activities for a construction project, with the duration of each activity and organized in sequential order
CONTINUITY	Continuity represents the seamless transition from one shot to another.
COPYRIGHT LAWS	A legal framework linked to intellectual property and the rights given to creators of original products/ concepts
DRAFTMAN	(1) A visual artist who specialises in artistic drawings. Or, (2) A person who prepares technical drawings and plans under the direction of an architect or engineer or designer.
DRESS SET	Decorating the set for aesthetic/ visual purposes
LABOUR LAWS	Legal norms governing the relationship between workers, employers, trade unions and the government

Qualification Pack

POST-PRODUCTION	Post-production is the final finishing phase of the production, where the raw footage is edited, special effects are added, music and sound are integrated, colour correction is done etc.
PROPS	A property, commonly shortened to prop (plural)
SCALE DRAWINGS	A drawing that depicts the accurate dimensions of an object, except they have all been reduced or enlarged by a certain fixed percentage (called the scale).
SCREENPLAY	Screenplay is the script coupled with key characteristics of the scene and directions for acting
SCRIPT	Script is a structured narrative of a story
SET	The background/ scenery visible through the camera (for video production) or directly to the spectator (for theatrical production)

SET ETIQUETTE	A set of guidelines that dictate how cast and crew should behave on set and interact with each other
STRIKE SET	Process of dismantling the set (including moveable items and semi-permanent fixtures), and storing, discarding or returning these items
TIMELINES	Timelines is a listing of dates by which the production milestones/stages need to be completed
SECTOR	Sector is a conglomeration of different business operations having similar businesses and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
SUB-SECTORS	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
VERTICAL	Vertical may exist within a sub-sector representing different domain areas or the client industries served by the industry.
OCCUPATION	Occupation is a set of job roles, which perform similar/related set of functions in an industry
FUNCTION	Function is an activity necessary for achieving the key purpose of the sector, occupation, or area of work, which can be carried out by a person or a group of persons. Functions are identified through functional analysis and form the basis of OS.

Qualification Pack

SUB-FUNCTIONS	Sub-functions are sub-activities essential to fulfill the achieving the objectives of the function.
JOB ROLE	Job role defines a unique set of functions that together form a unique employment opportunity in an organization.
OCCUPATIONAL STANDARDS (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the knowledge and understanding they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
PERFORMANCE CRITERIA	Performance Criteria are statements that together specify the standard of performance required when carrying out a task
NATIONAL OCCUPATIONAL STANDARDS (NOS)	NOS are Occupational Standards which apply uniquely in the Indian context.
QUALIFICATION PACK CODE	Qualifications Pack Code is a unique reference code that identifies a qualifications pack.
QUALIFICATION PACK (QP)	Qualifications Pack comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A Qualifications Pack is assigned a unique qualification pack code.
UNIT CODE	Unit Code is a unique identifier for an Occupational Standard , which is denoted by an alphanumeric™.
UNIT TITLE	Unit Title gives a clear overall statement about what the incumbent should be able to do.
DESCRIPTION	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
SCOPE	Scope is the set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on the quality of performance required.
KNOWLEDGE AND UNDERSTANDING	Knowledge and Understanding are statements which together specify the technical, generic, professional and organizational specific knowledge that an individual needs in order to perform to the required standard.
ORGANIZATIONAL CONTEXT	Organizational Context includes the way the organization is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.

Qualification Pack

TECHNICAL KNOWLEDGE	Technical Knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
CORE SKILLS/GENERIC SKILLS	Core Skills or Generic Skills are a group of skills that are key to learning and working in today's world. These skills are typically needed in any work environment. In the context of the OS , these include communication related skills that are applicable to most job roles.
